TWO LEGACIES ONE VISION

Zaha Hadid reinvented architecture through movement, geometry, and light. Her legacy lives on in this collaboration with Imtiaz, where visionary design converges with decades of craftsmanship to form a landmark that continues her dialogue between form, structure, and the human spirit.

DISTINCTIVE OFFICE SPACES

The Symphony rises at a moment when Dubai's demand for ultra-luxury Office spaces and branded residences is reshaping the market. Its value isn't driven by scale, but by refinement, depth, and a standard of distinction that places it at the forefront of this new demand. A rare creation by design, and a timely opportunity for those seeking to invest in what Dubai wants next.

WOVEN IN THE SANDS OF TIME

From the deserts of the Emirates came an art. Al Sadu and Al Talli, two timeless crafts, carried the rhythm of life across generations. Each thread spoke of the connection between people, nature, and purpose.

CRAFTED FOR DUBAI'S NEXT CHAPTER

The Symphony blends rising demand for ultra-luxury Office spaces and branded residences with rare craftsmanship.

*OFFICES WITH
PURPOSE &
PRECISION*

A person wearing a flowing red robe is shown from the side, reaching out with their right hand towards a body of water. The scene is set during sunset or sunrise, with warm, golden light reflecting on the water's surface. The background is slightly blurred, showing what appears to be a building or structure in the distance. The overall mood is serene and contemplative.

*SERENITY
& FLOW*

An aerial photograph of a modern rooftop pool and garden. The pool is a vibrant turquoise color, with several people swimming and wading. The pool is surrounded by a sandy beach area with lounge chairs and umbrellas. The garden is lush with greenery, including palm trees and flowering plants. In the foreground, a woman is sitting on a bench, looking at a tablet. The overall atmosphere is one of relaxation and modern design.

WHERE AMBITION EXPANDS

From these spaces, the city softens into calm, and the skyline opens into an unbroken horizon. Architecture and sky merge into a single, sweeping frame, a view composed for clarity, designed to elevate thought.

WHERE MEMORIES TAKE ROOT

Framed by sweeping skyline vistas, the balcony becomes a setting for togetherness. It welcomes warmth, conversation and ease, creating moments that settle naturally into memory, day after day.

An aerial photograph of a modern, multi-story building with a distinctive architectural design. The building features a series of vertical, rectangular modules that form its facade, each containing a large glass window. The rooftop terrace is a lush green space with a swimming pool, lounge chairs, and various plants. The building is surrounded by palm trees and a paved plaza. The overall scene is bright and sunny, with shadows cast by the building and trees.

A PODIUM BUILT FOR LUXURY CONNOISSEURS

Flowing with greenery, the podium
becomes the Symphony's living stage.
Every level speaks of refinement, designed
for the few who see luxury as an art of life.

A woman with blonde hair, wearing a white long-sleeved shirt and white trousers, is sitting on a light-colored modern sofa. She is holding an open book and reading. The room is dimly lit with warm, golden light. In the background, there is a dark wooden shelf with two tall, thin metallic vases and a decorative metallic object. To the right, there is a vase with red flowers. In the foreground, a dark, reflective coffee table holds a stack of books. The overall atmosphere is sophisticated and serene.

COMMERCIAL LOBBY

A woman with dark hair, wearing a dark, long-sleeved robe, is seated at a wooden desk. She is holding a white ceramic cup with both hands. The scene is dimly lit, with a strong light source from the right casting a long, dark shadow of her figure onto the wall behind her.
